In response to the official action mailed April 5, 2010, please enter the following before reconsideration of this application.

**REMARKS**

The Applicant thanks the Examiner for the very brief telephone interview, held on June 17, 2010, concerning the above identified application during which a proposed response was discussed. During that interview, the Examiner indicated that the prepared and forwarded draft response, which addressed all of the matters raised in the official action, appeared to overcome all of the raised rejections. Accordingly, the Examiner suggested that the Applicant finalize and file the same with the United States Patent and Trademark Office.

Claims 13-16, 20 and 23-27 are rejected, under 35 U.S.C. § 103, as being obvious over Brown '416 (United States Publication No. US 2002/0050416) in view of Callan et al. '038 (U.S. Publication No. 2003/0132038). The Applicant acknowledges and respectfully traverses the raised rejections in view of the following remarks.
